Pragna & Aman's Wedding

Westchester Marriott

July 13, 2019

**DJUSA is a turnkey event entertainment and production company with over 20 years of event experience. We handle social, experiential, corporate, and non-profit events on any scale. Our team of seasoned professionals have handled events at all types of event spaces on a global level.**

**Our goal is to provide unparalleled customer service to individuals by offering the highest quality event solutions available. Our foundation is built on great consumer experience. The key element to our success is simple – we always over deliver.**

**When planning your dream wedding, DJUSA has the entertainment and production solutions to ensure your celebration is nothing less than perfect. Book DJUSA and allow DJUSA to be part of the most memorable day in your life.**

**In July 2019, DJUSA planned and executed all entertainment and production for a massive Indian wedding at Westchester Marriott**

**Event: Pragna & Aman's Wedding**

**Location: Marriott Hotel, Westchester, NY**

**Worked with a bride & groom over the course of nearly 1 year to ensure their special day was perfect. The entertainment and production solutions had to exceed the expectations of a very detailed oriented couple. DJUSA certainly transformed an ordinary hotel ballroom into a celebration space that was truly extraordinary.**

**Customized production for a groom to ensure his safety as well as compliance with the American Disability Act guidelines.**

**Collaborated with multiple vendors to plan and execute a 5-part event production with 400+ guests. Events included the pre-night, baraat, wedding ceremony, cocktail, and reception.**

**DJUSA**

**DJUSA was responsible for the following entertainment and production logistics:**

**Full event production**

**Production and execution of customized Baraat float**

**Audio, visual, and lighting for Hindu Ceremony**

**DJ & Event Host placement for every event**

**Audio, visual, and lighting for reception inclusive of HD rear projection screens**

**Live PTZ simulcast and zap shots**

**Customized large format vinyl printing for a 65' ceremony aisle and 800 sq. ft. dancefloor**

**Collaboration with event planner and decorators**

# EPIC BARAAT

DJUSA worked with the best vendor in the wedding industry to conceptualize and produce a custom made one of a kind Baraat float. The float was designed to include high energy sounds, ice cold air shots, and 110% energy for the ultimate groom arrival. A custom ramp was built to adhere to ADA specifications to safely and secure the groom to enter and exit the float. DJUSA mixed music live keeping the energy high as the groom's procession danced their way to the ceremony. A CO2 handheld cannon blast was used to hype the crowd. Additionally, a custom hydration station was kept on the float throughout the baraat.

# WEDDING CEREMONY

DJUSA continued playing with live music as guests entered and exited the ceremony. Both a clip on and hand held microphone was given to the Hindu Priest for all announcements during the ceremony so guests could learn about the traditions. DJUSA used large format vinyl printing for a 65' aisle leading the bride, groom, and bridal party to the mandap. The white and gold design of the custom installed vinyl aisle created elegance along with the décor. DJUSA rigged lighting into the ceiling to further enhance the ambiance of the room where the ceremony took place.

# COCKTAIL & RECEPTION

The DJUSA team rocked the dance floor with positive vibes throughout the night. This was a very detailed production inclusive of surround sound, rear projection screens, a large format vinyl printing for a 800 square foot dancefloor. A full lighting package was managed by DJUSA. The lighting package included a 20' overhead truss, LED lighting, rigged lighting over the couple's stage, and pinspot lighting to spotlight the centerpieces. A DJUSA team was onsite including the zap shot photographer and live cast PTZ videographer to make sure every moment captured on the screens.
